

Kent Reliance Mathletic Programme winners take part in a coaching session with Charlton Athletic Football Club

Wrotham Road Primary School, Gravesend, Kent enjoyed their prize this week after they won a coaching session with Charlton Athletic Football Club. This was organised through a partnership between Charlton Athletic Community Trust (CACT) and the Kent Reliance Mathletic Programme.

Kent Reliance launched the initiative last year in partnership with CACT, which helps Kent schoolchildren to improve their numeracy skills. The Mathletic Programme was open to all schools in the Kent area and participating schools were entered into a prize draw to win a coaching session with Charlton Athletic Football Club.

Lisa Smith, PE Coordinator, Wrotham Road Primary School said: "The children really enjoyed the Mathletic Programme which helped them look at Maths in a different and exciting way. Our school was also lucky enough to win a coaching session from Charlton Athletic Football Club. It was a great hit and the children were raving about the session all day."

The Mathletic Programme includes football-related maths questions which are linked to the national curriculum and have been set by the Kent Reliance team. The Programme is designed to engage year five and six pupils (9-11 years old) with fun activities and incentives.
