*Gross p.a. is the rate of interest paid without the deduction of tax per annum. Please note that the automatic deduction of tax on savings interest ceased with effect from 6 April 2016. AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. As every advertisement for a savings product will contain an AER you will be able to compare more easily what return you can expect from your savings over time.

Interest is calculated daily and can be credited to the account or transferred to your nominated account. Annual interest is paid on 5 April each year. Monthly interest is paid on the last working day of each month.

### Can Kent Reliance change the interest rate?

Up to date information on our interest rates can be found on our website, kentrerlance.co.uk/interest-rates, in branch or by calling our head office.

The interest rate on this account is variable and can change at any time.

If your account balance is £100 or over, when we make a rate reduction we will personally notify you of the change at least 14 days in advance of the change taking effect.

Please refer to Condition 28 of our Savings General Terms and Conditions for full details on interest rate changes.
